

Materials/Finishes	Electro-Galvanized (7350G)
Variants:	N/A
Service:	Designed to be inserted into a pre-drilled hole. The expansions cones are drawn in at each end when a corresponding machine screw is tightened. Recommended for anchoring into base materials of questionable strength.
Approvals:	N/A
Ordering:	Specify figure number and screw size.
Notes:	N/A

SCREW SIZE	A	B
3/8 - 16	2	1-3/4
1/2 - 13	2-3/8	2-1/4
